GAMBIT

The Najdorf Sicilian has a unique place amongst chess openings: for several decades it has been regarded by the top grandmasters as the best way for Black to play soundly for a win against 1 e4. It was a particular favorite of World Champions Bobby Fischer and Garry Kasparov, and plays a vital role in the repertoires of current top players such as Viswanathan Anand and Veselin Topalov. In the ever-changing Najdorf landscape, it is easy to lose sight of the strategic backbone that underpins the Najdorf. In this book, James Rizzitano, a battle-hardened Sicilian warrior, distils the most important ideas and themes from current practice to provide an ideal guide for those looking to succeed as White or Black in the Najdorf in the modern scientific era.
